

You are invited to an ASN Kidney Week 2024 Exhibitor Spotlight

# Navigating IgA Nephropathy: Pathogenesis, the Role of APRIL, and Patient Case Study

## Objectives

- 1 Recognize the disease burden and risk of progression in IgAN
- 2 Understand the four-hit cascade in IgAN pathogenesis and the role of APRIL
- 3 Review scientific evidence that supports the role of APRIL in IgAN pathogenesis

## Presenters

### Kenar D. Jhaveri, MD

Professor of Medicine, Associate Chief of Nephrology, and Co-Director of Onconeurology Services, Donald and Barbara Zucker School of Medicine at Hofstra/Northwell  
Director, The Glomerular Disease Center at Northwell Health

### Heather Reich, MD, PhD

Oreopoulos-Baxter Division Director of Nephrology and Professor, Temerty Faculty of Medicine, University of Toronto  
Nephrologist, Clinician Scientist, University Health Network

## Symposium Logistics

### Date and Time

October 25 | 10:00 – 10:45 AM PT

### Location

Exhibit Hall A (Main Entrance at Hall B) | Theater #1  
San Diego Convention Center, San Diego, CA

APRIL, a proliferation-inducing ligand; IgAN, IgA nephropathy.  
The Exhibitor Spotlight is not a Continuing Education (CE) activity.  
This program is supported by Otsuka Pharmaceutical Development & Commercialization, Inc.
